

DIRECTIVE 2001/17/EC OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**of 19 March 2001****on the reorganisation and winding-up of insurance undertakings**

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Articles 47(2) and 55 thereof,

Having regard to the proposal from the Commission⁽¹⁾,

Having regard to the opinion of the Economic and Social Committee⁽²⁾,

Acting in accordance with the procedure laid down in Article 251 of the Treaty⁽³⁾,

Whereas:

- (1) First Council Directive 73/239/EEC of 24 July 1973 on the coordination of laws, regulations and administrative provisions relating to the taking up and pursuit of the business of direct insurance other than life assurance⁽⁴⁾, as supplemented by Directive 92/49/EEC⁽⁵⁾, and the First Council Directive 79/267/EEC of 5 March 1979 on the coordination of laws, regulations and administrative provisions relating to the taking up and pursuit of the business of direct life assurance⁽⁶⁾, as supplemented by Directive 92/96/EEC⁽⁷⁾, provide for a single

authorisation of the insurance undertakings granted by the home Member State supervisory authority. This single authorisation allows the insurance undertaking to carry out its activities in the Community by means of establishment or free provision of services without any further authorisation by the host Member State and under the sole prudential supervision of the home Member State supervisory authorities.

- (2) The insurance directives providing a single authorisation with a Community scope for the insurance undertakings do not contain coordination rules in the event of winding-up proceedings. Insurance undertakings as well as other financial institutions are expressly excluded from the scope of Council Regulation (EC) No 1346/2000 of 29 May 2000 on insolvency proceedings⁽⁸⁾. It is in the interest of the proper functioning of the internal market and of the protection of creditors that coordinated rules are established at Community level for winding-up proceedings in respect of insurance undertakings.

- (3) Coordination rules should also be established to ensure that the reorganisation measures, adopted by the competent authority of a Member State in order to preserve or restore the financial soundness of an insurance undertaking and to prevent as much as possible a winding-up situation, produce full effects throughout the Community. The reorganisation measures covered by this Directive are those affecting pre-existing rights of parties other than the insurance undertaking itself. The measures provided for in Article 20 of Directive 73/239/EEC and Article 24 of Directive 79/267/EEC should be included within the scope of this Directive provided that they comply with the conditions contained in the definition of reorganisation measures.

- (4) This Directive has a Community scope which affects insurance undertakings as defined in Directives 73/239/EEC and 79/267/EEC which have their head office in the Community, Community branches of insurance undertakings which have their head office in third countries and creditors resident in the Community. This Directive should not regulate the effects of the reorganisation measures and winding-up proceedings vis-à-vis third countries.

- (5) This Directive should concern winding-up proceedings whether or not they are founded on insolvency and whether they are voluntary or compulsory. It should apply to collective proceedings as defined by the home Member State's legislation in accordance with Article 9 involving the realisation of the assets of an insurance undertaking and the distribution of their proceeds. Winding-up proceedings which, without being founded on insolvency, involve for the payment of insurance claims a priority order in accordance with Article 10 should also be included in the scope of this Directive. Claims by the employees of an insurance undertaking arising from employment contracts and employment relationships should be capable of being subrogated to a national wage guarantee scheme; such subrogated claims should benefit from the treatment determined by the home Member State's law (*lex concursus*) according to the principles of this Directive. The provisions of this Directive should apply to the different cases of winding-up proceedings as appropriate.
- (6) The adoption of reorganisation measures does not preclude the opening of winding-up proceedings. Winding-up proceedings may be opened in the absence of, or following, the adoption of reorganisation measures and they may terminate with composition or other analogous measures, including reorganisation measures.
- (7) The definition of branch, in accordance with existing insolvency principles, should take account of the single legal personality of the insurance undertaking. The home Member State's legislation should determine the way in which the assets and liabilities held by independent persons who have a permanent authority to act as agent for an insurance undertaking should be treated in the winding-up of an insurance undertaking.
- (8) A distinction should be made between the competent authorities for the purposes of reorganisation measures and winding-up proceedings and the supervisory authorities of the insurance undertakings. The competent authorities may be administrative or judicial authorities depending on the Member State's legislation. This Directive does not purport to harmonise national legislation concerning the allocation of competences between such authorities.
- (9) This Directive does not seek to harmonise national legislation concerning reorganisation measures and winding-up proceedings but aims at ensuring mutual recognition of Member States' reorganisation measures and winding-up legislation concerning insurance undertakings as well as the necessary cooperation. Such mutual recognition is implemented in this Directive through the principles of unity, universality, coordination, publicity, equivalent treatment and protection of insurance creditors.
- (10) Only the competent authorities of the home Member State should be empowered to take decisions on winding-up proceedings concerning insurance undertakings (principle of unity). These proceedings should produce their effects throughout the Community and should be recognised by all Member States. All the assets and liabilities of the insurance undertaking should, as a general rule, be taken into consideration in the winding-up proceedings (principle of universality).
- (11) The home Member State's law should govern the winding-up decision concerning an insurance undertaking, the winding-up proceedings themselves and their effects, both substantive and procedural, on the persons and legal relations concerned, except where this Directive provides otherwise. Therefore all the conditions for the opening, conduct and closure of winding-up proceedings should in general be governed by the home Member State's law. In order to facilitate its application this Directive should include a non-exhaustive list of aspects which, in particular, are subject to the general rule of the home Member State's legislation.
- (12) The supervisory authorities of the home Member State and those of all the other Member States should be informed as a matter of urgency of the opening of winding-up proceedings (principle of coordination).
- (13) It is of utmost importance that insured persons, policy-holders, beneficiaries and any injured party having a direct right of action against the insurance undertaking on a claim arising from insurance operations be protected in winding-up proceedings. Such protection should not include claims which arise not from obligations under insurance contracts or insurance operations but from civil liability caused by an agent in negotiations for which, according to the law applicable to the insurance contract or operation, the agent himself is not responsible under such insurance contract or operation. In order to achieve this objective Member States should ensure special treatment for insurance creditors according to one of two optional methods provided for in this Directive. Member States may choose between granting insurance claims absolute precedence over any other claim with respect to assets representing the technical provisions or granting insurance claims a special rank which may only be preceded by claims on salaries, social security, taxes and rights 'in rem' over the whole assets of the insurance

- undertaking. Neither of the two methods provided for in this Directive impedes a Member State from establishing a ranking between different categories of insurance claims.
- (14) This Directive should ensure an appropriate balance between the protection of insurance creditors and other privileged creditors protected by the Member State's legislation and not harmonise the different systems of privileged creditors existing in the Member States.
- (15) The two optional methods for treatment of insurance claims are considered substantially equivalent. The first method ensures the affectation of assets representing the technical provisions to insurance claims, the second method ensures insurance claims a position in the ranking of creditors which not only affects the assets representing the technical provisions but all the assets of the insurance undertaking.
- (16) Member States which, in order to protect insurance creditors, opt for the method of granting insurance claims absolute precedence with respect to the assets representing the technical provisions should require their insurance undertakings to establish and keep up to date a special register of such assets. Such a register is a useful instrument for identifying the assets affected to such claims.
- (17) In order to strengthen equivalence between both methods of treatment of insurance claims, this Directive should oblige the Member States which apply the method set out in Article 10(1)(b) to require every insurance undertaking to represent, at any moment and independently of a possible winding-up, claims, which according to that method may have precedence over insurance claims and which are registered in the insurance undertaking's accounts, by assets allowed by the insurance directives in force to represent the technical provisions.
- (18) The home Member State should be able to provide that, where the rights of insurance creditors have been subrogated to a guarantee scheme established in such home Member State, claims by that scheme should not benefit from the treatment of insurance claims under this Directive.
- (19) The opening of winding-up proceedings should involve the withdrawal of the authorisation to conduct business granted to the insurance undertaking unless such authorisation has previously been withdrawn.
- (20) The decision to open winding-up proceedings, which may produce effects throughout the Community according to the principle of universality, should have appropriate publicity within the Community. In order to protect interested parties, the decision should be published in accordance with the home Member State's procedures and in the *Official Journal of the European Communities* and, further, by any other means decided by the other Member States' supervisory authorities within their respective territories. In addition to publication of the decision, known creditors who are resident in the Community should be individually informed of the decision and this information should contain at least the elements specified in this Directive. Liquidators should also keep creditors regularly informed of the progress of the winding-up proceedings.
- (21) Creditors should have the right to lodge claims or to submit written observations in winding-up proceedings. Claims by creditors resident in a Member State other than the home Member State should be treated in the same way as equivalent claims in the home Member State without any discrimination on the grounds of nationality or residence (principle of equivalent treatment).
- (22) This Directive should apply to reorganisation measures adopted by a competent authority of a Member State principles which are similar 'mutatis mutandis' to those provided for in winding-up proceedings. The publication of such reorganisation measures should be limited to the case in which an appeal in the home Member State is possible by parties other than the insurance undertaking itself. When reorganisation measures affect exclusively the rights of shareholders, members or employees of the insurance undertaking considered in those capacities, the competent authorities should determine the manner in which the parties affected should be informed in accordance with relevant legislation.
- (23) This Directive provides for coordinated rules to determine the law applicable to reorganisation measures and winding-up proceedings of insurance undertakings. This Directive does not seek to establish rules of private international law determining the law applicable to contracts and other legal relations. In particular, this Directive does not seek to govern the applicable rules on the existence of a contract, the rights and obligations of parties and the evaluation of debts.
- (24) The general rule of this Directive, according to which reorganisation measures and the winding-up proceedings are governed by the law of the home Member State, should have a series of exceptions in

order to protect legitimate expectations and the certainty of certain transactions in Member States other than the home Member State. Such exceptions should concern the effects of such reorganisation measures or winding-up proceedings on certain contracts and rights, third parties' rights in rem, reservations of title, set-off, regulated markets, detrimental acts, third party purchasers and lawsuits pending.

- (25) The exception concerning the effects of reorganisation measures and winding-up proceedings on certain contracts and rights provided for in Article 19 should be limited to the effects specified therein and should not include any other issues related to reorganisation measures and winding-up proceedings such as the lodging, verification, admission and ranking of claims regarding such contracts and rights, which should be governed by the home Member State's legislation.
- (26) The effects of reorganisation measures or winding-up proceedings on a lawsuit pending should be governed by the law of the Member States in which the lawsuit is pending concerning an asset or a right of which the insurance undertaking has been divested as an exception to the application of the law of the home Member State. The effects of such measures and proceedings on individual enforcement actions arising from these lawsuits should be governed by the home Member State's legislation, according to the general rule of this Directive.
- (27) All persons required to receive or divulge information connected with the procedures of communication provided for in this Directive should be bound by professional secrecy in the same manner as that established in Article 16 of Directive 92/49/EEC and Article 15 of Directive 92/96/EEC, with the exception of any judicial authority to which specific national legislation applies.
- (28) For the sole purpose of applying the provisions of this Directive to reorganisation measures and winding-up proceedings concerning branches situated in the Community of an insurance undertaking whose head office is located in a third country the home Member State should be defined as the Member State in which the branch is located and the supervisory authorities and competent authorities as the authorities of that Member State.
- (29) Where there are branches in more than one Member State of an insurance undertaking whose head office is located outside the Community, each branch should be treated independently with regard to the application of this Directive. In that case the competent authorities, supervisory authorities, administrators and liquidators should endeavour to coordinate their actions,

HAVE ADOPTED THIS DIRECTIVE:

 - (a) insurance claims shall, with respect to assets representing the technical provisions, take absolute precedence over any other claim on the insurance undertaking;
 - (b) insurance claims shall, with respect to the whole of the insurance undertaking's assets, take precedence over any other claim on the insurance undertaking with the only possible exception of:

The home Member State may provide that, where the rights of insurance creditors have been subrogated to a guarantee scheme established in that Member State, claims by that scheme shall not benefit from the provisions of Article 10(1).

Article 12

Representation of preferential claims by assets

By way of derogation from Article 18 of Directive 73/239/EEC and Article 21 of Directive 79/267/EEC, Member States which apply the method set out in Article 10(1)(b) of this Directive shall require every insurance undertaking to represent, at any moment and independently from a possible winding-up, the claims which may take precedence over insurance claims pursuant to Article 10(1)(b) and which are registered in the insurance undertaking's accounts, by assets mentioned in Article 21 of Directive 92/49/EEC and Article 21 of Directive 92/96/EEC.

Article 13

Withdrawal of the authorisation

1. Where the opening of winding-up proceedings is decided in respect of an insurance undertaking, the authorisation of the insurance undertaking shall be withdrawn, except to the extent necessary for the purposes of paragraph 2, in accordance with the procedure laid down in Article 22 of Directive 73/239/EEC and Article 26 of Directive 79/267/EEC, if the authorisation has not been previously withdrawn.

2. The withdrawal of authorisation pursuant to paragraph 1 shall not prevent the liquidator or any other person entrusted

by the competent authorities from carrying on some of the insurance undertakings' activities in so far as that is necessary or appropriate for the purposes of winding-up. The home Member State may provide that such activities shall be carried on with the consent and under the supervision of the supervisory authorities of the home Member State.

Article 14

Publication

1. The competent authority, the liquidator or any person appointed for that purpose by the competent authority shall publish the decision to open winding-up proceedings in accordance with the publication procedures provided for in the home Member State and also publish an extract from the winding-up decision in the *Official Journal of the European Communities*. The supervisory authorities of all the other Member States which have been informed of the decision to open winding-up proceedings in accordance with Article 8(3) may ensure the publication of such decision within their territories in the manner they consider appropriate.

2. The publication of the decision to open winding-up proceedings provided for in paragraph 1 shall also specify the competent authority of the home Member State, the applicable law and the liquidator appointed. It shall be in the official language or in one of the official languages of the Member State in which the information is published.

Article 15

Information to known creditors

1. When winding-up proceedings are opened, the competent authorities of the home Member State, the liquidator or any person appointed for that purpose by the competent authorities shall without delay individually inform by written notice each known creditor who has his normal place of residence, domicile or head office in another Member State thereof.

2. The notice referred to in paragraph 1 shall in particular deal with time limits, the penalties laid down with regard to those time limits, the body or authority empowered to accept the lodgement of claims or observations relating to claims and the other measures laid down. The notice shall also indicate whether creditors whose claims are preferential or secured in rem need to lodge their claims. In the case of insurance claims, the notice shall further indicate the general effects of the winding-up proceedings on the insurance contracts, in particular, the date on which the insurance contracts or the operations will cease to produce effects and the rights and duties of insured persons with regard to the contract or operation.

Article 16

Right to lodge claims

1. Any creditor who has his normal place of residence, domicile or head office in a Member State other than the home Member State, including Member States' public authorities, shall have the right to lodge claims or to submit written observations relating to claims.

2. The claims of all creditors who have their normal place of residence, domicile or head office in a Member State other than the home Member State, including the aforementioned authorities, shall be treated in the same way and accorded the same ranking as claims of an equivalent nature lodgeable by creditors who have their normal place of residence, domicile or head office in the home Member State.

3. Except in cases where the law of the home Member State allows otherwise, a creditor shall send copies of supporting documents, if any, and shall indicate the nature of the claim, the date on which it arose and the amount, whether he alleges preference, security in rem or reservation of title in respect of the claim and what assets are covered by his security. The precedence granted to insurance claims by Article 10 need not be indicated.

Article 17

Languages and form

1. The information in the notice referred to in Article 15 shall be provided in the official language or one of the official languages of the home Member State. For that purpose a form shall be used bearing the heading 'Invitation to lodge a claim; time limits to be observed' or, where the law of the home Member State provides for the submission of observations relating to claims, 'Invitation to submit observations relating to a claim; time limits to be observed', in all the official languages of the European Union.

However, where a known creditor is a holder of an insurance claim, the information in the notice referred to in Article 15 shall be provided in the official language or one of the official languages of the Member State in which the creditor has his normal place of residence, domicile or head office.

2. Any creditor who has his normal place of residence, domicile or head office in a Member State other than the home Member State may lodge his claim or submit observations relating to his claim in the official language or one of the official languages of that other Member State. However, in that event the lodgement of his claim or the submission of observations on his claim, as appropriate, shall bear the heading 'Lodgement of claim' or 'Submission of observations relating to claims', as appropriate, in the official language or one of the official languages of the home Member State.

*Article 18***Regular information to the creditors**

1. Liquidators shall keep creditors regularly informed, in an appropriate manner, in particular regarding the progress of the winding-up.
2. The supervisory authorities of the Member States may request information on developments in the winding-up procedure from the supervisory authorities of the home Member State.

TITLE IV

*Article 20***Third parties' rights in rem**

1. The opening of reorganisation measures or winding-up proceedings shall not affect the rights in rem of creditors or third parties in respect of tangible or intangible, movable or immovable assets — both specific assets and collections of indefinite assets as a whole which change from time to time — belonging to the insurance undertaking which are situated within the territory of another Member State at the time of the opening of such measures or proceedings.

2. The rights referred to in paragraph 1 shall in particular mean:

- (a) the right to dispose of assets or have them disposed of and to obtain satisfaction from the proceeds of or income from those assets, in particular by virtue of a lien or a mortgage;

ANNEX

SPECIAL REGISTER REFERRED TO IN ARTICLE 10(3)

1. Every insurance undertaking must keep at its head office a special register of the assets used to cover the technical provisions calculated and invested in accordance with the home Member State's rules.
 2. Where an insurance undertaking transacts both non-life and life business, it must keep at its head office separate registers for each type of business. However, where a Member State authorises insurance undertakings to cover life and the risks listed in points 1 and 2 of Annex A to Directive 73/239/EEC, it may provide that those insurance undertakings must keep a single register for the whole of their activities.
 3. The total value of the assets entered, valued in accordance with the rules applicable in the home Member State, must at no time be less than the value of the technical provisions.
 4. Where an asset entered in the register is subject to a right in rem in favour of a creditor or a third party, with the result that part of the value of the asset is not available for the purpose of covering commitments, that fact is recorded in the register and the amount not available is not included in the total value referred to in point 3.
 5. Where an asset employed to cover technical provisions is subject to a right in rem in favour of a creditor or a third party, without meeting the conditions of point 4, or where such an asset is subject to a reservation of title in favour of a creditor or of a third party or where a creditor has a right to demand the set-off of his claim against the claim of the insurance undertaking, the treatment of such asset in case of the winding-up of the insurance undertaking with respect to the method provided for in Article 10(1)(a) shall be determined by the legislation of the home Member State except where Articles 20, 21 or 22 apply to that asset.
 6. The composition of the assets entered in the register in accordance with points 1 to 5, at the time when winding-up proceedings are opened, must not thereafter be changed and no alteration other than the correction of purely clerical errors must be made in the registers, except with the authorisation of the competent authority.
 7. Notwithstanding point 6, the liquidators must add to the said assets the yield therefrom and the value of the pure premiums received in respect of the class of business concerned between the opening of the winding-up proceedings and the time of payment of the insurance claims or until any transfer of portfolio is effected.
 8. If the product of the realisation of assets is less than their estimated value in the registers, the liquidators must be required to justify this to the home Member States' competent authorities.
 9. The supervisory authorities of the Member States must take appropriate measures to ensure full application by the insurance undertakings of the provisions of this Annex.
